👤 About me

I am a new graduated **Software Engineer**. Graduated in June 2026 from European University of Lefke (EUL), with a BSc in Software Engineering. I have hands-on experience in full stack development with a strong focus on TypeScript, and hold certifications in Data Science & Analytics as well as Python for Machine Learning. I am also proficient in advanced JavaScript and modern web programming. Beyond technical skills, I have worked as a full-time remote software programmer for nearly 10 months, and completed a 1-2 month full stack developer internship. I also served as an Education Mentor with Türkiye Teknoloji Takımı Vakfı, supporting T3 Foundation students in Cyprus.
